

## Annex 2 to the General Terms and Conditions for Success Packs of GF Machining Solutions

# Spindles under Extended Warranty

## (Applicable only to Gold Success Pack)

The Extended Warranty for Spindles applies to standard Spindles, as listed below, integrated in GF Machining Solutions machines of the following type: Mill E (U) series, Mill P (U) series, Mill S (U) series and Mill X (U) series.

If the Customer submits an order for the technical customization of standard Spindles to GF Machining Solutions, such order for customization will be charged separately. GF Machining Solutions will validate if such customized Spindle can be integrated into the Gold Success Pack.
